New around here?

If you are visiting for the first time, you can check out the how-to-wiki-page for further information on how to create content. On Overview you can seek more information on the Owpedia/Open Workshop Handbook project <panel title="How can I change or create content?" icon="glyphicon glyphicon-menu-down"> Please register first (top right corner of the page) to create content. Reading is possible without registering. Full syntax documentation ("How to create/format content?") can be found here on the official Doku Wiki page.

A small overview with the most important formatting elements for OWpedia can be found on How to Wiki.

Translations

(de)Für owpedia wird das translation-Plugin von Dokuwiki genutzt. Es basiert darauf, dass ein Haupt-Wiki in einer bestimmten Sprache existiert, und kann daraufhin in andere Sprachen übersetzt werden. Bevor ihr euch an Übersetzungen macht, kontaktiert bitte die Admins unter info(at)owpedia.org
(en) Please note that OWpedia was first created in German. In order to become an international source of knowledge for Open Workshop operators, the pages need to be translated via DokuWiki translation-Plugin. This is based on a main language (in this case, it's German) and will subsequently be translated into other languages. If you are interested in helping with translating, please contact the admins via info(at)owpedia.org.
